The high school elite program is for all high school players plus 8th graders. This class is specifically for those high school players that are serious about getting better at golf. The class is 60 minutes and runs for four consecutive weeks. Topics covered in this class will be anything from swing fundamentals to course management to the mental approach to playing competitive golf. After incredible success at the high school level in 2009 the Vitense Golf Academy looks to make even a bigger impact on high school golf in 2010. Last years program helped the boys dominate the Big 8 and Badger conferences with multiple wins and trips to the state tournament which ultimately resulted in a STATE CHAMPION. The girls followed up the boys season with an incredible summer run right into their high school season where many of the Madison teams saw their team scores drop by an average of 27 shots and a total of 14 girls making a trip to the state tournament. Please join the Vitense Golf Academy in making the high school players in the state of Wisconsin more competitive at all levels.
